

**Shriners Hospitals
for Children®**
Love to the rescue.®

Did you know October is National Bullying Prevention Month? One in four students in the United States reports being bullied. Those numbers can be **two to three times higher** for kids with disabilities, according to the National Center for Education.

Shriners Hospitals for Children® and award-winning actor, former patient and bullying survivor, RJ Mitte, are once again teaming up to stop bullying. New this year is an expanded resource center at cutthebull.org featuring public service announcements and downloadable materials to promote acceptance and empowerment.

How can you help #CutTheBull?

- [Watch and share RJ's video](#) to encourage others to #SeeTheAbility in all people.
- [Order a special #CutTheBull t-shirt](#). All proceeds go to Shriners Hospitals for Children.
- Help your kids or grandkids become anti-bullying ambassadors [with our tool kit](#).
- [Read stories](#) of how our patients work hard to stop bullying in their communities.

Thank you for supporting our patients! Your help gives kids the confidence to see the ability in themselves and in others.

Sincerely,

Chris L. Smith
